

# english informations about us

We are a nonprofit organization. We promote education about LGBT (german: LSBTTIQ) topics. We do this with collecting donations for example for translations of important articles (one article from Joan Roughgarden – „the roughgarden project“, the other project is a translation from a german protestant church in Hesse-Nassau „Zum Bilde Gottes geschaffen – Transsexualität in der Kirche“ to the portugiese language. With this project we want to support Transgender in Brasil.)

You can help us:

- with translations (english-german / german-english or german-other languages)
- with a donation (we are connected with the donation platform betterplace (in english [more here](#)) – our [projects are linked here](#) (to our projects at betterplace)...
- Donation with paypal
